Financial Aid False Statement on Facebook

The University has contacted Facebook to let them know about the issue, and it seems that the post has been removed. However, it may reappear and we want you to be informed.

Your federal student loan information can be viewed by logging into NSLDS at https://nslds.ed.gov/nslds/nslds_SA/, using your FSA ID username and password. Forsyth Library Presents "Paeans to Opportunity, Diatribes on Opportunism: Contrasting Representations in Gilded Age Literature"

The Gilded Age Literature collection is now on display in the Special Exhibits Gallery on the main floor of Forsyth Library. The foundations of modern America took root during the period known as "The Gilded Age." To highlight this period, the works of Mark Twain and Horatio Alger are featured in the exhibit as influencers of succeeding generations' understanding of the Gilded Age. The narrative fictions established in the featured texts, as well as their readers' interpretations, convey competing depictions of the period, revealing the complexities of the nineteenth century.

Visit this exciting new exhibit for a limited time during regular building hours. After viewing the display, give us your feedback and checkout a book to learn more about the Gilded Age.

For hours or contact information, visit the Forsyth Library homepage at <https://fhsu.edu/library/>.

TILT Tip: Aligning Objectives, Instructions, and Assessments

Assessments should reveal how well students have learned what we want them to learn, while instruction ensures that they learn it. For this to occur, assessments, learning objectives, and instructional strategies need to be closely aligned so that they reinforce one another. Find out more at: <https://www.cmu.edu/teaching/assessment/basics/alignment.html>

Great design is a critically important component of your marketing efforts – it creates meaningful first impressions, differentiates your organization from competitors, boosts awareness, and is a great way to connect with customers. The MDC's brand-new workshop Design for Non-Designers will explore the elements and principles of design and how you can use it to make your company more appealing to potential customers.

In Design for Non-Designers, participants will learn why design is important for effective marketing, review great (and bad) logos, and much more. A few of the topics covered include using color effectively, communicating with type, tips on designing common marketing pieces, and when to hire a professional or design on your own.

You don't have to be wildly creative to make effective designs!

Ben & Jerry's: A Sweet Learning Opportunity for Everyone!

Dear FHSU Advising Community,

As we continue to work through enrollment, we'd invite you to share an interesting and fun opportunity with your students and consider the high-impact potential to your advisee!

**FHSU's first pop-up, short course
is AVAILABLE TO ALL FRESHMEN as well as

GBUS 673 *Moral Corporate Leadership and Social Justice* will allow dozens of Fort Hays students to meet a living legend in the corporate social responsibility field.

This is an ideal course for any student to "bolt on" to a regular load, and can be an option for a student making adjustments (adding or dropping courses) in the first weeks of class, yet looking for options to remain in "fulltime" status.
